		← Entire band 5260 to 5410 kHz →																															**Norway** (LA, JW, JX , 3Y) 5260 -5410
← Entire band 5250 to 5310 kHz →																																	**Bangladesh** 5250 - 5310
																5330.5				5346.5				5366.5	5371.5						5403.5			**USA** 5 channels
	5258.5				5278.5		5288.5																	5366.5	5371.5					5398.5	5403.5			**U.K.** 7 channels
	5258.5		5267.5				5288.5					5318.5		5327.5																5398.5	5403.5			**Canada** 7 channels Experimental
					5278.5		5288.5									5330.5				5346.5				5366.5	5371.5					5398.5	5403.5			**Iceland** 8 channels
	5258.5				5278.5		5288.5																	5366.5	5371.5					5398.5				**Denmark Greenland** 6 channels
					5278.6		5288.6		5298.6							5330.6				5346.6				5366.6	5371.6					5398.6				**Finland** 8 channels
														5320.0														5395.0						**New Zealand** 2 channels
																5330.5				5346.5				5371.5						5403.5				**St. Lucia** 4 channels

Dial Frequency:
Above listed channel frequencies are "dial frequencies" as you see them on your radio.
The center-of-channel offset is already figured out for you.
(The center-of-channel is usually 1.5kHz higher than the dial frequency).
The band edge frequencies are NOT dial frequencies. No emissions shall occur outside band edges!

Emissions Modes:
The current worldwide standard for Amateur Radio on 5MHz is **Upper Sideband (USB)**.
Other emission types are also in use.

Beacons:
5290 kHz - U.K. - 4 beacons (GM4SLV, G4IRX, G3WKL, G4ZFQ).
5195 kHz - Germany - DRA5.

The following commercial services may be used as beacons:
5000.0 kHz - WWV - Fort Collins, Colorado; 10 kW
5000.0 kHz - WWVH - Kauai, Hawaii; 10 kW
5446.0 kHz - AFRTS - Florida Keys; USB
5450.0 kHz - VOLMET RAF - UK; 10 kW USB
5505.0 kHz - VOLMET - Shannon, Ireland; 3 kW USB

Emergency channels:
Norway - NRRL have permission to use 5410 kHz and 5420 kHz for emergency communications.
Australia -WIA have permission to use 5102 kHz and 5355 kHz for emergency communications.
Alaska - 5167,5 kHz used for emergency communication
